

PSHE Learning Journey

Year 3

Autumn 1

Being Me in My World

In this Puzzle unit, the children learn to recognise their self-worth and identify positive things about themselves and their achievements. They discuss new challenges and how to face them with appropriate positivity. The children learn about the need for rules and how these relate to rights and responsibilities. They explore choices and consequences, working collaboratively and seeing things from other people's points of view. The children learn about different feelings and the ability to recognise these feelings in themselves and others. They set up their Jigsaw Journals and establish the Jigsaw Charter. .

Spring 1

Dreams and Goals

In this Puzzle, the children look at examples of people who have overcome challenges to achieve success and discuss what they can learn from these stories. The children identify their own dreams and ambitions and discuss how it will feel when they achieve them. They discuss facing learning challenges and identify their own strategies for overcoming these. The children consider obstacles that might stop them from achieving their goals and how to overcome these. They reflect on their progress and successes and identify what they could do better next time.

Summer 1

Relationships

In this Puzzle, the children learn about the importance of exercise and how it helps your body to stay healthy. They also learn about their heart and lungs, what they do and how they are very important. The children discover facts about calories, fat and sugar; they discuss what each of these are and how the amount they consume can affect their health. The children learn about different types of drugs, the ones you take to make you better, as well as other drugs. The children consider things, places and people that are dangerous and link this to strategies for keeping themselves safe. .

Autumn 2

Celebrating Difference.

In this Puzzle (unit), the children learn about families, that they are all different and that sometimes they fall out with each other. The children practise methods to calm themselves down and discuss the 'Solve it together' technique. The children revisit the topic of bullying and discuss being a witness (bystander); they discover how a witness has choices and how these choices can affect the bullying that is taking place. The children also talk about using problem-solving techniques in bullying situations. They discuss name-calling and practise choosing not to use hurtful words. They also learn about giving and receiving compliments and the feelings associated with this.

Spring 2

Healthy Me

In this unit, the children learn about healthy food; they talk about having a healthy relationship with food and making healthy choices. The children consider what makes them feel relaxed and stressed. They learn about medicines, how they work and how to use them safely. The children make healthy snacks and discuss why they are good for their bodies.

Summer 2

Changing Me

In this Puzzle, children revisit family relationships and identify the different expectations and roles that exist within the family home. They identify why stereotypes can be unfair and may not be accurate, e.g. Mum is the carer, Dad goes to work. They also look at careers and why stereotypes can be unfair in this context. They learn that families should be founded on love, respect, appreciation, trust and co-operation. Children are reminded about the Solve it together technique for negotiating conflict situations and the concept of a win-win outcome is introduced.

Online relationships through gaming and apps are explored and children are introduced to some rules for staying safe online. Children also learn that they are part of a global community and they are connected to others they don't know in many ways, e.g. through global trade. They investigate the wants and needs of other children who are less fortunate and compare these with their own. Children's universal rights are also revisited.
